003 Definitions and Filing Requirements

003.01 For purposes of computing the thirty day period specified in sections 002.01, 002.02, and 002.03, employment is deemed to commence on the first day that an eligible employee/member is required to commence performing services for the employer. Accepting an offer of employment or signing a contract of employment shall not constitute employment for purposes of computing the thirty day application period. Employment for State Patrol members shall be deemed to occur on the date such members become sworn officers. For purposes of this regulation, thirty days shall mean thirty calendar days.

003.02 Application for eligibility and vesting credit shall be made on forms prescribed by the Nebraska Public Employees Retirement Systems (NPERS). NPERS shall provide application forms to the State, County, and Public School employers that are subject to the County Employees Retirement Act, the School Employees Retirement Act, the State Patrol Retirement Act, and the State Employees Retirement Act to distribute to all new employees. The employer shall provide each new employee an application form at the time of the employee's initial employment, the receipt of which shall be acknowledged in writing by the employee.

003.03 In order to receive credit, the application must be properly completed, signed by the applicant and timely filed with NPERS. The application shall be considered filed on time if mailed in an envelope properly addressed to the Nebraska Public Employees Retirement Systems, postage prepaid, and postmarked before midnight of the final filing date. If the final filing date for such application falls on a Saturday, Sunday, or legal holiday, the next secular or business day shall be the final filing date. If the application is not mailed, the date the application is received by NPERS shall be the date used to determine whether the application was timely filed.

003.04 Upon receipt of a properly completed and timely filed application, NPERS shall contact the applicant's former employer or retirement plan administrator to verify the applicant's previous governmental plan participation and to ascertain the applicant's eligibility to receive credit. NPERS shall notify the applicant if the applicant qualifies for eligibility and vesting credit.

004 Limitations A person who has retired and returns to employment with an employer covered by the same retirement system from which the person has received or is receiving a retirement benefit, shall not receive credit for any years of service which were included in computing such person's prior retirement benefit.
